

Proceedings of the 2008 ePrep International Thematic Seminar, Beijing (China), October 28, 2008

Last Updated Thursday, 27 November 2008

Organised with the support of the Conférence des grandes écoles, the 2008 ePrep International Thematic Seminar held at Ecole Centrale de Pékin (Beijing, China) on October 28. This seminar brought together 36 participants, including an ePrep delegation composed of 19 members coming especially from Europe, to work on the theme "ePrep and International Cooperation: activities and tools".

The PALETTE scientific coordinator and the Amaya developer attended the Seminar and made specific communications about the last PALETTE developments.

The Seminar Proceedings are available online <http://www.eprep.org/seminars/seminar08/seminar08.php>
